9

Mountain-fold the points and
unfold back to step 7.

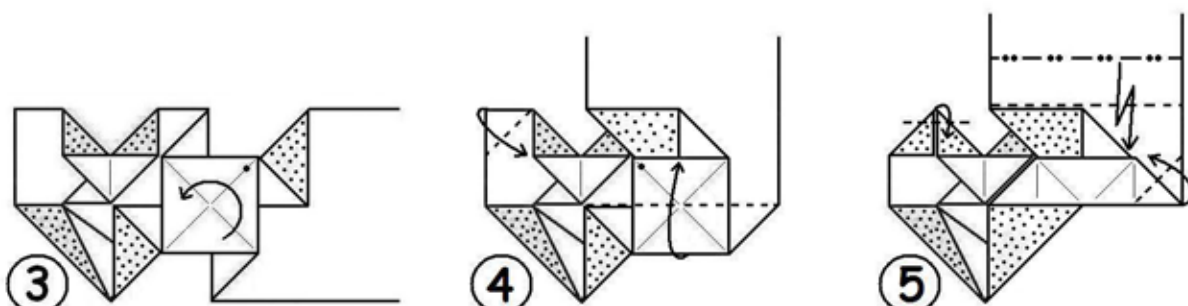

Repeat steps 3 to 5 of ROW OF HEARTS #3 [Inverting Hearts] and continue with steps 2 to 10.

NOTE: All the above folds will be the mirror images of those shown in these diagrams. This sequence alternates with each repetition.

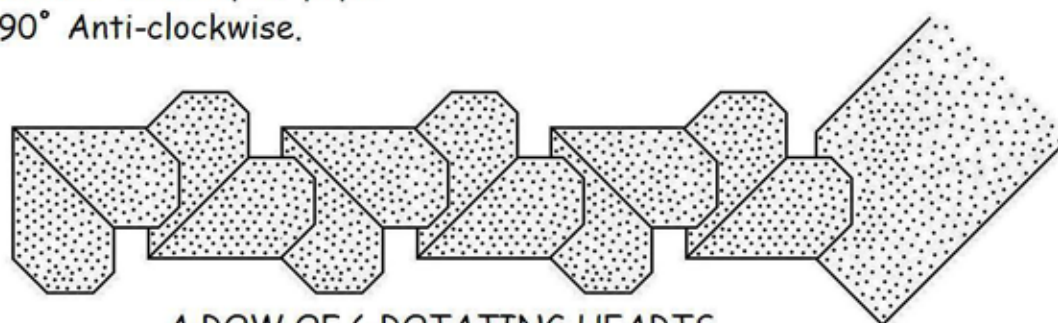

A ROW OF 6 ROTATING HEARTS
[Rotated clockwise]

Step 3 of previous page.
Rotate the strip of paper
90° Anti-clockwise.

Continue with steps 6 to 10.

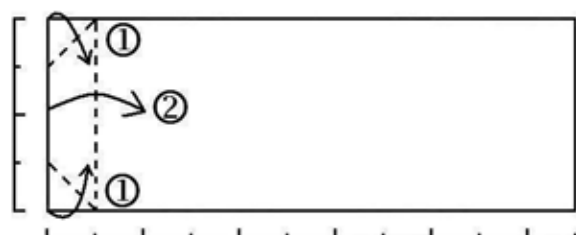

A ROW OF 6 ROTATING HEARTS
[Rotated Anti-clockwise]

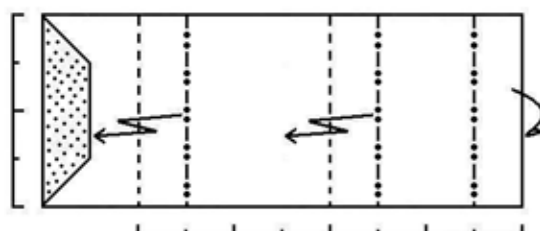

The rotation of the hearts changes with each repetition because the folds that follow will be in the mirror images. The folds for the above vary in step 3. Besides just rows of hearts, different pattern layouts can be generated with the combination of these two rotations.

Continue as above.

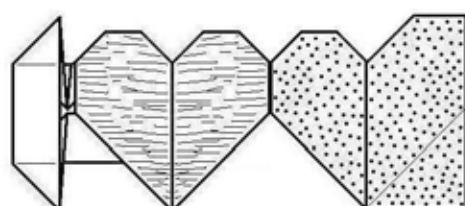

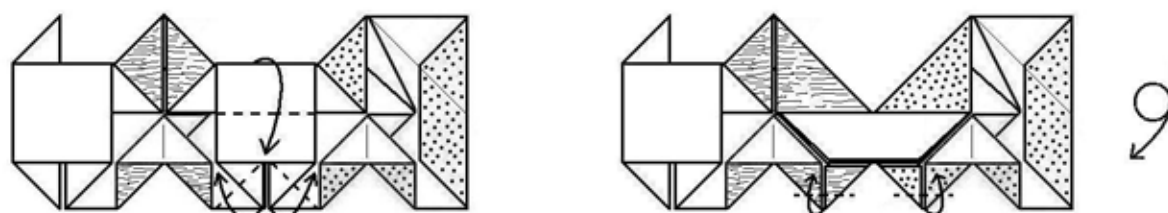

MODULE B complete.

ASSEMBLY OF SIMILAR MODULES

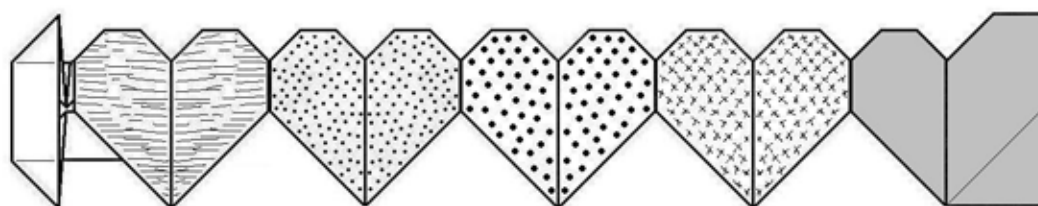

Insert the flap of the 1st. Module into the pocket of the 2nd. Module.

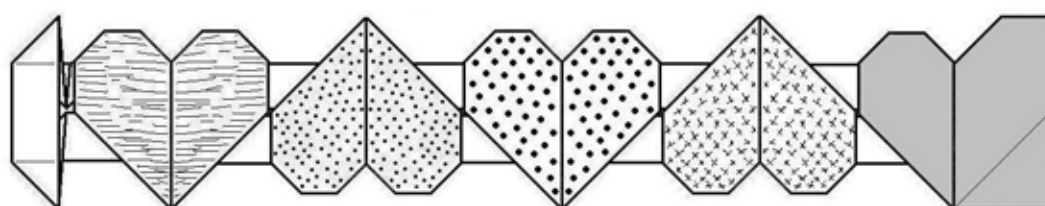

Add in the 3rd. Module.

The MODULES can be connected to form a ring of hearts [ENDLESS LOVE]. Try out different combinations with inverted hearts and colour distributions. With A-B connections, the hearts can be rotated to give a wider range of patterns.

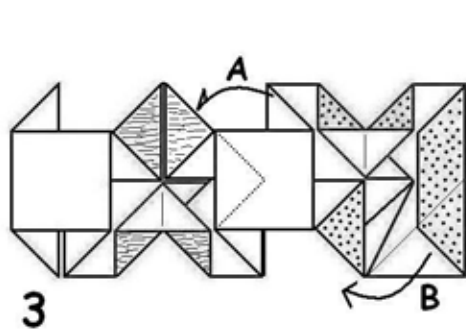

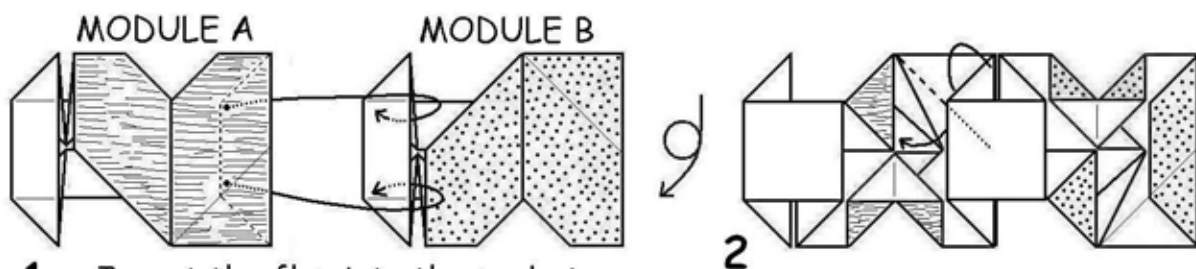

5 x "MODULE A" CONNECTED.

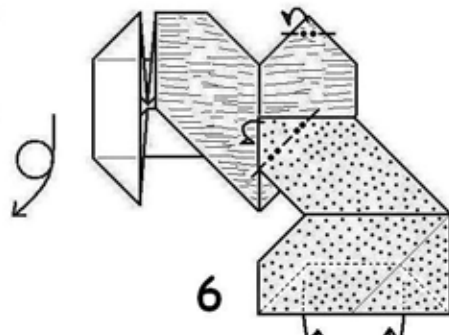

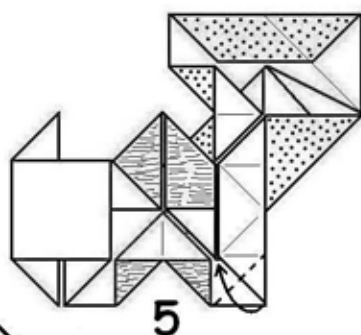

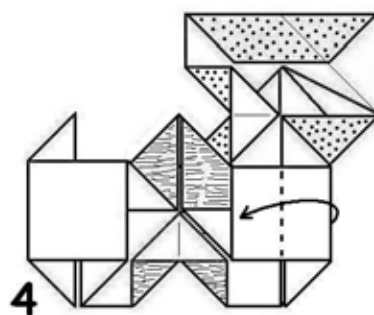

"MODULE A" AND "MODULE B" CONNECTED.

ASSEMBLY

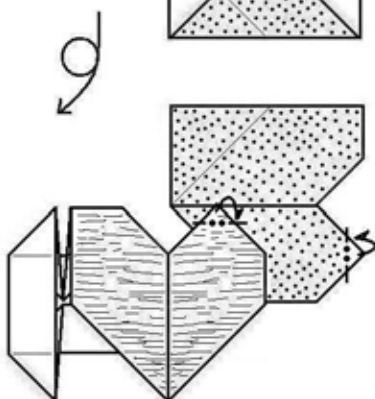

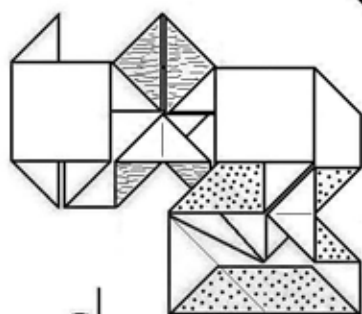

A Rotate anti-clockwise & continue with step 4.

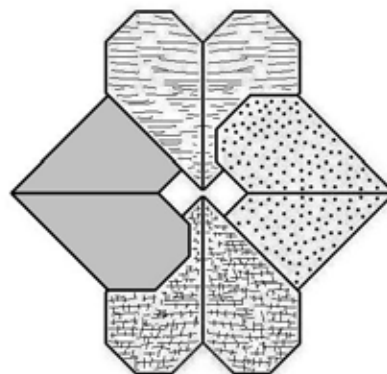

B Rotate clockwise and continue below.

Insert to the next Module.

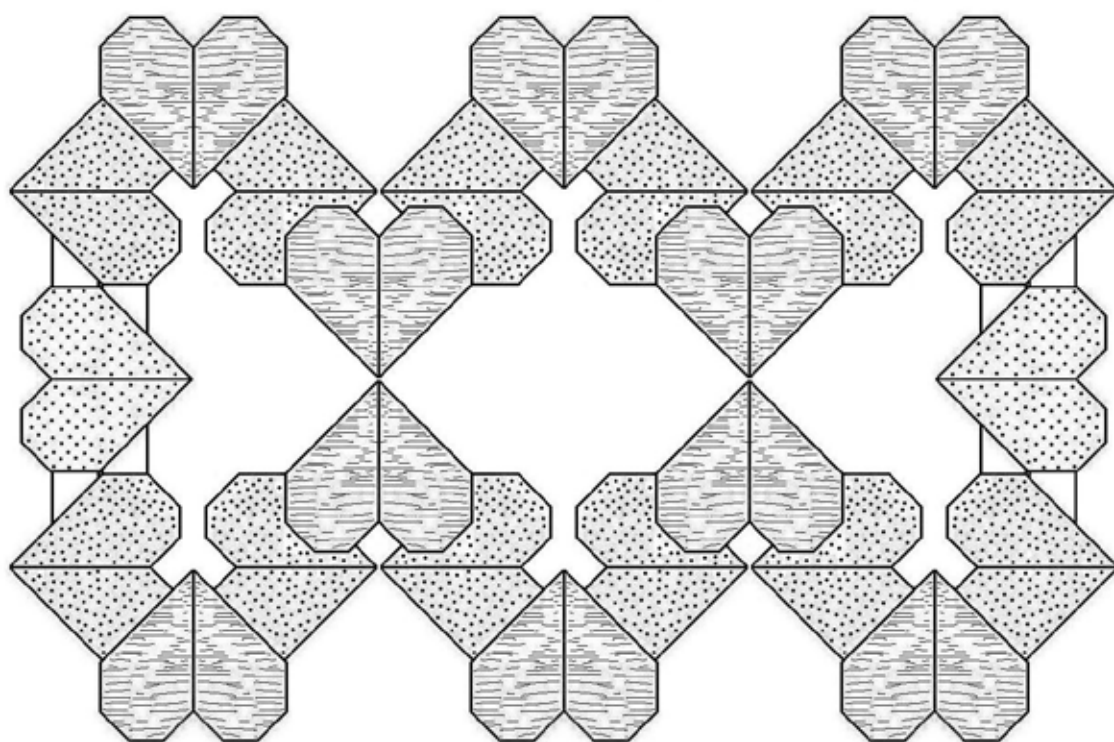

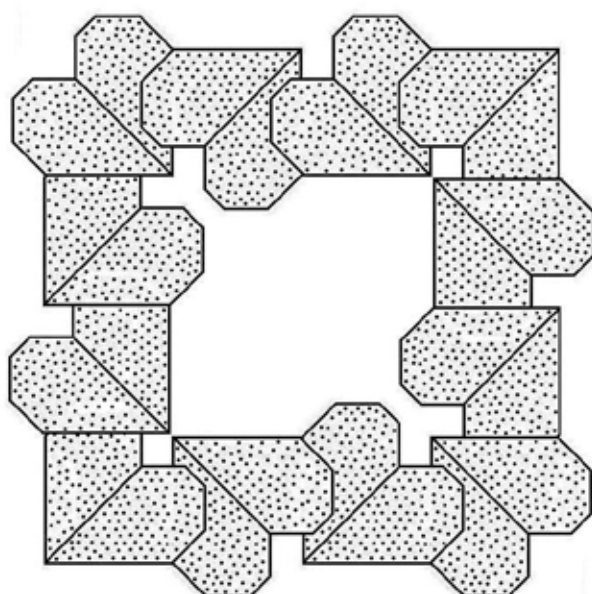

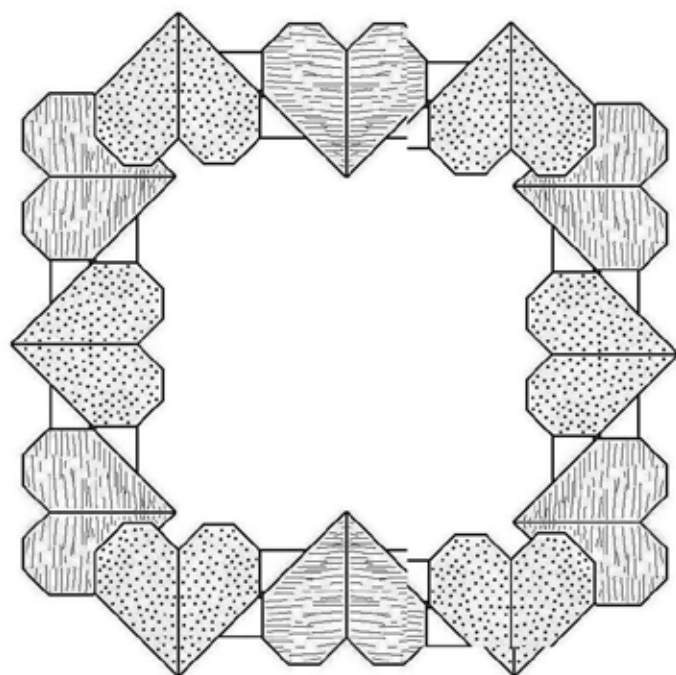

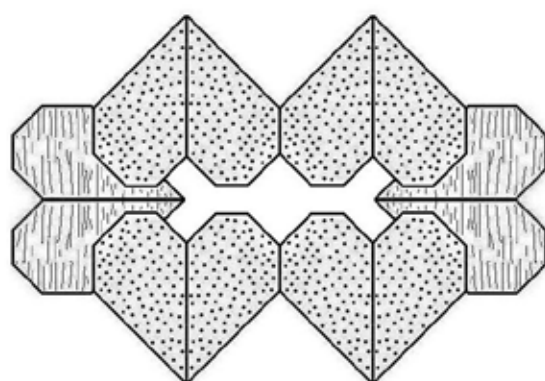

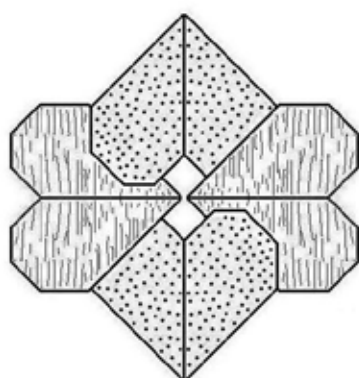

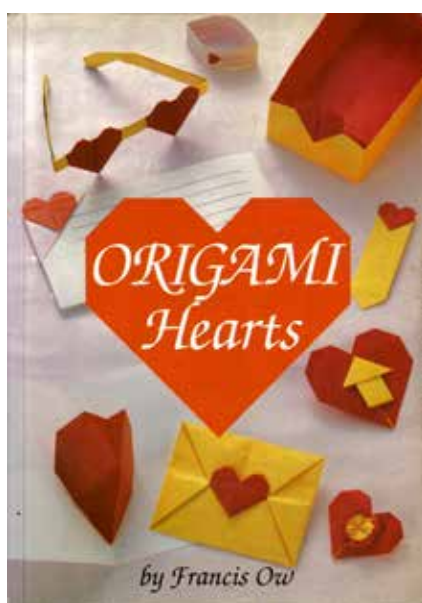

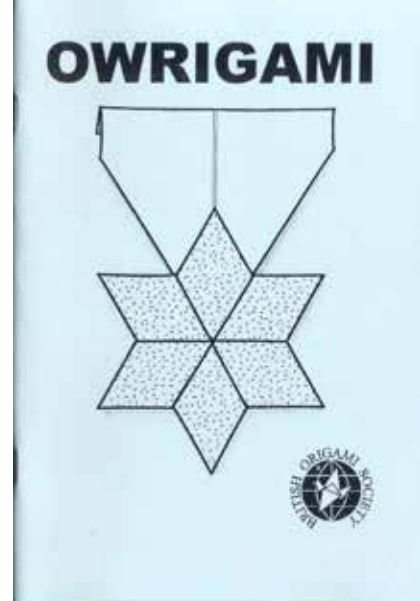

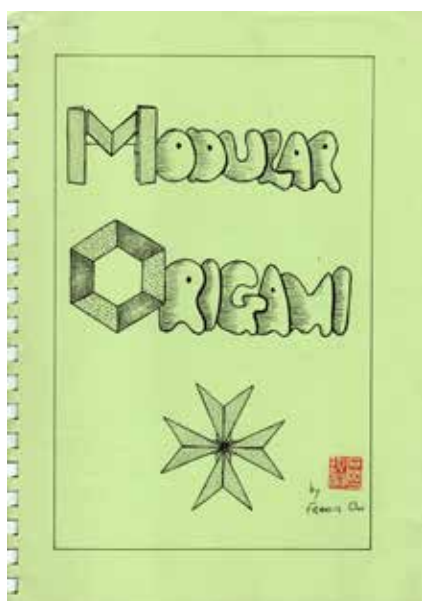

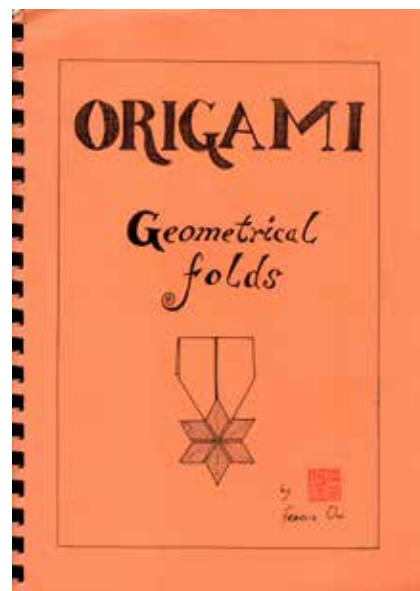

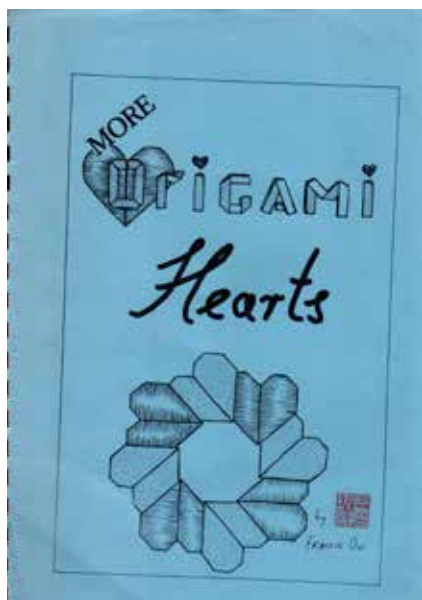

NOTE: The rotation (clockwise or anti-clockwise) varies on step 3.

Different layout patterns can be generated with the combination of these modules.
